Employee Spotlight of the Month

Villas Care Manager Monique Ojeda has been dedicated to caregiving and healthcare for several years. Monique has been with our Villas family for 2 years, but her journey into the medical field began in 2008, and then advanced when she became a Certified Nursing Assistant in 2014. Monique loves to make a difference in her residents' lives and to ensure that their families are pleased and informed.

Monique was born in Nogales, Arizona and grew up in Rio Rico. Monique was an athletic child and she still enjoys playing basketball and softball. Monique has been married for 6 years to her husband Jaime, and they have 2 children, Adrian and Beyonce. A couple of interesting facts about Monique are that she has heterochromia, meaning she has two different colored eyes, one brown and one hazel. Also, her favorite movie is "Walk the Line".

We appreciate Monique's dedication and support of our residents and their families!

Our Loving Native in the Neighborhood

While many of our residents are from various locations across the United States, Molly Valdez was born and raised right here in Tucson. Molly says she has wonderful childhood memories with her loving parents, who were both hard workers. Her father was a cotton picker and her mother focused on the family and kept things running smoothly at home. Molly had a reputation as being a daredevil, very outgoing, and often silly! Like her own mother, Molly chose to stay home with her own three children, which includes her two sons and her daughter.

Molly's days here at The Villas often include long walks around the neighborhood. She also loves to catch up on her favorite TV shows and watch movies, and she really enjoys getting her hair and nails done. Molly says that she always looks forward to our Coffee and Donut days, so be sure to visit with her there on Fridays each week at 10 AM because she is one of the sweetest ladies we know and she has a big heart!
