Employee Spotlight of the Month

Guadalupe Godoy brings compassion and laughter to every shift she works. She chose to become a caregiver because she loves helping people and making them smile. As a member of the night shift team, Guadalupe plays a special role in welcoming a new day for our residents, gently waking them in the morning and seeing their happy faces as they head to breakfast. Those smiles, she says, make everything worthwhile. Guadalupe shares that The Villas feels like a second family to her.

When she's not at work, Guadalupe is focused on loved ones, and she is incredibly proud of her growing family and her role as a grandmother to 3 grandchildren. She shares that her family story is a special one. After raising five daughters, Guadalupe welcomed her son at age 41, creating a remarkable 22-year age gap between her oldest daughter and youngest child. Even more amazing, her grandchildren are older than their uncle! Guadalupe's love for both her residents and her family makes her truly inspiring.

Always Looking at the Bright Side in Life

Darla Warhank has lived a life rooted in family, resilience, and simple joys. Born in North Dakota, Darla is the proud mother of two daughters and a loving grandmother to one grandchild who brings her great happiness. Although she never married, her family has always been the center of her life. In 2005, Darla made a big move to Show Low, Arizona, where she spent many years enjoying the beautiful mountain scenery and peaceful surroundings.

These days, Darla enjoys spending her time working on puzzles, one of her favorite hobbies. She also has a love for bright, cheerful colors, especially yellow, which perfectly reflects her sunny personality. At The Villas, Darla especially looks forward to playing BINGO, where she enjoys laughter and friendly competition with her neighbors. When it's time to eat, her favorite entree is Mexican hard tacos. Darla's warm spirit and kind nature make her a treasured member of our community. We are so glad she calls The Villas home!
